

Notice re: Structural Steel Transportation

Commencing on Tuesday, August 31, 2010, the Argentia Management Authority Inc. (AMA) wishes to advise the residents of the Town of Placentia and the surrounding communities and the tenants located at the Port of Argentia, Argentia Industrial Park and the Argentia Technology Park that Mammoet-Hunt's Atlantic Limited will be transporting large steel components to be erected at the site of the Long Harbour Processing Plant. These steel components are being pre-assembled in Argentia and will be moved to the Long Harbour by road on specially designed heavy-haul transport trucks and trailers.

For detailed information on the structural steel transportation, and a list of frequently asked questions, please click on this link [Vale Structural Steel Transportation](#) .

If you wish to receive up-to-date information on the transportation schedule, please call 1-877-457-4978.
